## Ohio State Racing Commission Laboratory

The Racing Commission's testing laboratory is housed within the Consumer Protection Laboratory at the Ohio Department of Agriculture complex located at 8995 East Main Street in Reynoldsburg. The laboratory was moved there from The Ohio State University in 2004.

Soobeng Tan serves as the laboratory's technical director, a position he has held since 2008.

In 2023, the Racing Commission tested 15,680 blood and urine samples collected from horses that raced at 7 commercial tracks and 55 county fairs. Analysis of these samples resulted in 43 positive findings.

A total of 6 human samples were analyzed and 2 positive findings were discovered.
